## U. S. Warplanes Joining R. A. F. at Operational Bases

Churchill Approves Plan to Organize Combined Staff Linking Gigantic Combat Team

## THE RUSSIAN CAMPAIGN

By the Associated Press  
United States warplanes, now blasting the Axis on many fronts, are already being ferried to British operational bases to join in the RAF's great aerial offensive against the continent, London sources reported today.

At the same time, Foreign Secretary Anthony Eden disclosed that Prime Minister Winston Churchill has approved a plan to organize a combined operations staff, linking Britain's army, navy and air force into a single gigantic combat team. The move to coordinate the three British fighting services—perhaps an advance to an Allied invasion of Nazi-dominated Europe—closely followed conferences by Gen. George C. Marshall, U. S. Army chief of staff, and Harry Hopkins, President Roosevelt's representative, with British military and political leaders.

London observers said they expected to see the red, white and blue insignia of U. S. army bombers in the sky any day now.

Other developments:  
Sea warfare: Berlin radio broadcast asserted that more than 2,000,000 tons of shipping had been sunk by Axis submarines operating off the American Atlantic and Pacific coasts in the last three months. (Note: This figure is far in excess of losses disclosed by the United States.)

The broadcast said that 1,772,000 tons of British and American ships had been sunk off the Atlantic seaboard between Jan. 15 and April 14, and that Japanese undersea raiders in the same period had sunk 22 ships of the Pacific coast.

Russian campaign: Soviet parachute troops, described as strong enough to free German-occupied "villages" and hold them against all counterattacks, were reported landing behind Nazi lines, while the Red army also reported gains on the Moscow and Leningrad fronts.

Soviet dispatches said Russian troops in the Leningrad sector had captured 17 Nazi strongholds in throwing back the German 217th division.

At army communique declared that 1,500 German planes had been destroyed by Russian fighters and anti-aircraft batteries from March 1 to April 14, and other Soviet accounts said Red air squadrons had shot down 15 German planes in a battle over the Arctic port of Murmansk.

North African front: British headquarters announced that clearing weather brought a resumption of "normal patrol activities."

## LANCASTER COUNTY HAS ALIEN ROUNDUP

Lancaster, April 21.—(P)—Continuing their lightning raids in eastern Pennsylvania, Federal Bureau of Investigation agents searched homes of nearly 100 enemy aliens last night and today in what was described as the largest raid ever made in Lancaster county.

Eighty-three officers, led by John F. Sears, FBI chief in Philadelphia, took more than 20 persons into custody for questioning and detained several for hearings before the enemy alien board.

An 18-tube short-wave radio set, several smaller short-wave radios, and a quantity of firearms were reported seized.

Assistant U. S. Attorney John Rettew set up offices in the post-office and conducted preliminary hearings.

## Cargo Ship Is U-Boat Victim

Norfolk, Va., April 21.—(P)—Forty-eight crewmen, including at least one Pennsylvanian, reached shore safely after their medium-sized cargo ship of Panamanian registry was blasted by two torpedoes from an Axis submarine off the Atlantic coast early on the morning of April 12.

The man whose name was not available was reported missing.

Fourteen of the crew were landed at Morehead City, N. C., and the other 34 survivors were brought ashore at another east coast port, the navy said.

Nelson Davidson, third assistant engineer of Sharon Hill, Pa., old Fifth District Public Relations officers that at the time of the attack "it was pitch dark, and we never saw a thing of the submarine. The first explosion was light and the second one much heavier. I didn't want to leave her. She was beautiful ship."

## STIFF BATTLE CONTINUES ON BURMA FRONT

Chinese Reported to Have Saved 7,000 Encircled British and 100 Supply Trucks

## SITUATION IS CONFUSED

Chungking, April 21.—(P)—Chinese forces which recaptured the oil center of Yenangyang saved 7,000 encircled British troops and 100 supply trucks in the first Allied victory in Burma, an army spokesman said today.

After rescuing the British, the Chinese fought with their Allies under British command and drove three miles south of Yenangyang through the rubble of burned oil wells to which the torch had been applied.

Severe fighting with the Japanese still is in progress, the spokesman said.

The Chinese commanded by Lieut. Gen. Joseph W. Stilwell, moved into the British sector at the request of their Allies high command, the spokesman added. One Chinese battalion commander was killed leading his troops in the recapture of Yenangyang.

The fury of the Burma fighting continued unabated throughout last week and fiercer battles are expected, the army spokesman said. The morale of the Chinese forces, who have fought for a month with glaring air inferiority, was said to be high.

London, April 21.—(P)—A furious battle is raging around Yenangyang, in the center of Burma's oil fields, as British tanks and infantry and a Chinese rifle regiment seek to annihilate isolated Japanese troops, a military commentator said today.

The situation was described as "confused" by the commentator. He said he lacked confirmation of yesterday's Chungking announcement that Yenangyang had been captured by Chinese forces.

On the Sittang front in the center, Japanese forces were being (Turn to Page Nine)

## Navy Seizes Brewster Co. Plane Plants

New York, April 21.—(P)—The United States Navy today took over the plants of the Brewster Aeronautical Company because "no finished planes were being produced," said Captain George O. Westervelt, U. S. Navy, retired, as he assumed command over production.

The plants located in New York, New Jersey and Pennsylvania, have been running at only 40 per cent of capacity in parts, with no finished product coming off the assembly lines.

"The plants have been taken over," said Westervelt, "because the president of the United States said the production was not satisfactory and he wanted steps taken to increase that production."

Philadelphia, April 21.—(P)—The government's seizure of the Brewster Aeronautical Corporation's Bucks county plant because of "disastrous" management came as a surprise to local officials.

The navy itself "was responsible for a good bit of delay" because changes it made in plane models, a spokesman said.

The Johnstown plant employs 4,000 workers.

## LAD WITH RARE BLOOD DISEASE UNIMPROVED

Harrisburg, April 21.—(P)—A blood transfusion failed to improve the condition today of six-year-old James Walker, stricken with a rare blood disease.

Jack Finley, 16-year-old Harrisburg boy who had recovered from the same disease—staphylococcus aureus hemolyticus—was selected for the transfusion from many who volunteered. No results were noted last night.

The hospital said persons telephoned from as far away as Chicago, New York City, Pittsburgh, Kittington, New Castle and York, offering their blood to the stricken child.

## Field Hero Is Charged With Cafe Slaying

Three Judges Study Problem of Sentencing Confessed Murderer

## CLAIMS IT ACCIDENT

Pittsburgh, April 21.—(P)—Joseph Petras, 28-year-old itinerant cook who was credited by friends with rescuing 40 persons during the 1936 St. Patrick's day flood, was sentenced today to life imprisonment for a holdup slaying.

The penalty was imposed by a three-judge court composed of visiting Judges J. Frank Graft and Thomas Crichton and Allegheny county Judge William H. McNaughton, who also sat as a jury after Petras pleaded guilty to murder.

Petras sat with head bowed as Judge Graft announced the sentence.

But Petras said he killed John S. Thiel, west end cafe operator, accidentally—that his gun was discharged while he was pounding it on the bar to warn a companion—bandit, Robert E. Halliwell, that Thiel was going to attack him with a stick.

Halliwell is a fugitive, also charged with murder. A third man, Charles B. (Duke) Milligan, admitted he drove the bandits' car and now is serving life.

Prosecutor Earl G. Jackson demanded the death penalty.

The defendant's pretty sister, Julia Petras, was among the numerous defense witnesses. She declared the Carnegie Hero Fund Commission had written her brother asking him for a detailed account of his flood work so he might be given an award.

John Rals, 18, of McKees Rocks, asserted Petras had saved the life of his aged mother. She was one of several in a boat which capsized, Rals said, and Petras caught her and hung onto a bridge girder until help came.

Others said Petras had taken out as many as 40 persons from second story windows during the high waters of the flood.

## PUBLISHER DIES

Lincoln, Neb., April 21.—(P)—Joseph Claggett Seacrest, 78, publisher of the Nebraska State Journal and Evening State Journal here, died today in a hospital following a long illness. Death was due to a heart ailment. Seacrest entered the newspaper business at Greencastle, Pa., his birthplace.

## Mrs. Leahy Is Dead In Vichy

Vichy, Unoccupied France, April 21.—(P)—Mrs. William D. Leahy, wife of the United States ambassador to France, died here today. She underwent a major operation last week.

Mrs. Leahy, the former Louise Tennent Harrington, had been in ill health for several years. Late in 1940, she traveled from Vichy to Lisbon to spend several weeks in Portugal at the time the couple's only son, William H. Leahy, an officer in the United States Navy, was there.

When the ambassador was recalled to Washington for "consultation" during the formation of new government of Pierre Laval last week, the United States embassy in Vichy said Admiral Leahy's departure would have to be postponed several weeks because of Mrs. Leahy's condition.

## Experts Will Make a Study Of Normandie

Washington, April 21.—(P)—A special committee of expert ship builders and naval architects set out today to try to determine whether the seared and flooded \$60,000,000 liner Normandie can be salvaged for war duty.

Appointment of the committee by Navy Secretary Knox was announced last night coincident with release of the findings of a department court of inquiry which said "gross carelessness" was responsible for the fire that swept the big liner at her New York City pier last February.

No evidence of sabotage was found. Provided the committee headed by J. Barstow Smull of New York can offer a solution to the engineering problems involved, it was estimated unofficially that the cost of salvaging the ship would run about \$10,000,000.

## RENO BACK AT WORK

Harrisburg, April 21.—(P)—Attorney General Claude T. Reno returned to his desk today for the first time since Feb. 11 when he was stricken ill. Reno conceded feeling "a little wobbly in the knees" but said that "otherwise I feel fine."

## Stamp Plan Is Geared to Aid Penn. Farmers

Harrisburg, April 21.—(P)—Definite progress in gearing the federal food stamp plan to help Pennsylvania farmers boosting production for war purposes was reported today by the agricultural marketing administration.

State Supervisor Theodore J. Wilson disclosed \$247,147 worth of surplus commodities were provided 127,029 persons in the commonwealth during March through issuance of free blue stamps. The amount was slightly more than \$300,000 during recent previous months.

Relief clients receive a 50-cent blue stamp free with each dollar orange-colored stamp purchased under the federal program. Blue stamps only may be used for buying surplus commodities. The plan now is operating in 18 counties, with 22 others organizing to join in the program.

"In this way," declared Wilson, "we fight two battles on the food front. We help build up the strength of our citizens here at home and thus realize one of the principal goals of the food for freedom program."

"At the same time we provide farmers in our home state with some of the marketing assistance that they need to safeguard against a collapse in farm prices."

## Simulated Raid at Westinghouse Plant

Pittsburgh, April 21.—(P)—A trained group of 1451 "minute men" and women at the east Pittsburgh works of the Westinghouse Electric and Manufacturing Company today carried out a realistic exhibition of countering an enemy air raid.

A ringing telephone in a sand-bagged control tower touched off an alarm system announcing the simulated raid at the 77-acre plant grounds and sent the volunteer air raid vigilantes into action as their fellow workers and representatives of the nation's fighting forces and of the Office of Civilian Defense looked on.

## G. O. P. Chiefs Take Up Post-War Question

Committee Feels United States Is Obligated to Help Bring About Comity

## DISCUSS THE PRIMARIES

Chicago, April 21.—(P)—The Republican national committee feels the United States is obligated to help bring about "an understanding, comity and cooperation" among nations of the post-war world, a stand Wendell L. Willkie characterized as an "abandonment of isolationism."

Senator Robert A. Taft, of Ohio, however, said he thought it "a great mistake" for the committee to have expressed any policy on post-war action as it did last night at its first meeting since the nation went to war.

Other leaders, including Joseph W. Martin, Jr., committee chairman and Clarence Budington Kelland, committee executive director, expressed approval of the committee's work which included a demand for relentless prosecution of an offensive war for peace with victory.

Willkie, 1940 presidential nominee, said Republicans should see to it that in the forthcoming primaries candidates who will espouse these principles are nominated. "Thus the Republican party can win and become a great force for liberal, enlightened government," Willkie asserted.

Taft said the committee had "drawn the teeth" of Willkie's proposed resolution advocating approval of an active role for the United States in world affairs so that no one could take exception to the language employed. Walter S. Hallahan, of West Virginia, who presented Willkie's proposal to the committee, said the final resolution was a victory for Willkie.

## EIGHT PARDONS ARE SANCTIONED BY BOARD

Harrisburg, April 21.—(P)—Eight pardons and 14 commutations resulted today from 115 applications for clemency heard by the state pardon board during its March 19-20 sessions.

Governor James signed the orders on recommendation of the board. Nine cases were continued, three held under advisement and the other 81 pleas rejected.

## Alien Cleanup On East Coast

Philadelphia, April 21.—(P)—The federal government is preparing to evacuate enemy aliens from strategic areas along the east coast, Earl G. Harrison, chief of the U. S. immigration and naturalization bureau, disclosed.

The move, similar to the removal of Japanese from war plant sectors on the west coast, is "about to take place," he told a meeting of the emergency aid yesterday.

Restricted areas would be set up under the plan, he said, and enemy aliens could reside there only with special permission. He did not mention possible sites.

Harrison said there are approximately 1,000,000 enemy aliens in the country, the majority of whom registered promptly and willingly. Many recent being called enemy aliens, he added.

Three of every five enemy aliens have complete family ties here, one has some family attachment and one has none, he said. Seventy percent are women.

## NEW ALARMS ARE SOUNDED OVER JAPAN

Tokyo Launches Apparent "Peace Offensive" As Warnings Are Heard In Two Sectors

## AUSTRALIA OPTIMISTIC

BY ROGER D. GREENE  
Associated Press War Editor  
Japan launched an apparent "peace offensive" today as new air-raid alarms were reported to have sounded in central and western Japan and the Japanese cabinet received details on the damage inflicted by American bombers in Saturday's historic assaults on Tokyo, Yokohama, Nagoya and Kobe.

While warning of the propaganda danger, American officials have already discounted such an Axis peace drive with the declaration that the Rome-Berlin-Tokyo bloc could not be trusted in a negotiated peace.

The new air-raid alarms in Japan were the second since planes with the U. S. insignia spread flaming destruction and terror across a 1,000-mile trail on Saturday.

A Berlin broadcast said the alarm sounded in the afternoon and was lifted in central Japan by an all-clear at 5 p. m. Japanese time (4 a. m. Eastern War Time).

The German broadcast did not say whether any bombs were dropped.

In Tokyo, Japanese cabinet minister belittled the damage inflicted in Saturday's raids, asserting that the transportation system was "hardly disturbed" and that the postal service was fully resumed soon after the planes left, and that Japanese life was affected only in a few instances.

Australia's Army Minister Francis M. Forde declared in Brisbane that "the war has turned in our favor" and that the approaching Allied offensive "will be a staggering spectacle."

Forde warned that a Japanese attempt to invade Australia may come within the next four weeks.

Signs of a possible Japanese "peace offensive" cropped up in a Tokyo broadcast quoting Toyohiko Kagawa, Japan's best-known Christian leader, as declaring: "Prayers are being said daily for an early conclusion of the war and restoration of peace throughout the world."

## Study Started in Department Of Statistics

Harrisburg, April 21.—(P)—The joint state government commission, announcing immediate start of a study designed to speed up issuance of birth certificates, today charged millions of man-hours are lost in war production because of delays in the vital statistics bureau.

"Thousands of Pennsylvanians have been deprived of many weeks of employment because they have not been able to get their birth certificates promptly," declared Elmer Kilroy, speaker of the house of representatives and chairman of the commission which does research work for the legislature.

He directed preference for the vital statistics inquiry over other work of the commission staff, as asserting "the issuance of birth certificates is one of the most vital functions of our state government in helping the war effort." War industries require such records.

"I understand the bureau is about 60,000 applications behind in their work," said Kilroy. "Any way in which the commission can help in speeding up the issuance will be a great contribution to the successful prosecution of the war because Pennsylvania is the heart of our war production machine."

Kilroy also disclosed plans for an immediate resumption of an investigation of the state's unemployment compensation laws. The subject was studied for several months last year by a legislative committee headed by Senator John H. Dent, Westmoreland Democrat.

## PLAN SERVICES FOR LAWRENCE YOUTHS

Pittsburgh, April 21.—(P)—Funeral services for Brennan and David L. Lawrence, Jr., young sons of Democratic National Committeeman David L. Lawrence, will be held at 9:30 a. m. Thursday at the Lawrence home, with solemn requiem high mass at 10 a. m. in the St. Lawrence church.

The boys were killed Sunday night in an automobile accident near Portersville, Butler county, in which five other youths were injured.

## Soft Springy Chairs Are On the Way Out

Dallas, April 21.—(P)—The next thing you'll be sacrificing for your country may be a soft, springy seated chair or divan.

Priorities, you know. When the present supply of furniture goes, manufacturers will offer divans and chairs with a wooden base padded with cotton.

Also on the way out are innerspring mattresses, chromium trimmed furniture, porcelain topped tables and wool rugs.

But there are some substitutes: Plastics for chromium, other trimmings in cotton and leather, linoleum for porcelain.

## Wage Ceiling Suggested As a Compromise

Administration Spokesman Proposes Expansion of Labor's Program

## RADIO TALK AWAITED

Washington, April 21.—(P)—Expansion of labor's no-strike agreement in war industries to embrace a flexible ceiling on wages was proposed today by Chairman Thomas (D- Utah) of the senate labor committee.

Thomas, who often expresses administration views, said he thought a voluntary stabilization of wages on an equitable basis would do much toward quieting the current congressional wrangling over the 40-hour week and overtime pay.

The committee chairman told reporters he believed a plan could be worked out to peg wages generally at present levels, with adjustments provided for low-pay groups or individuals. He suggested that a general board then could review war industry wages about every eight months, and order increases to compensate for any advance in living costs.

President Roosevelt has let it be known that he will discuss the whole problem of the cost of living in a message to congress, to be followed by a radio talk on the subject next Monday night.

It was indicated a major part of the president's message would be devoted to the elimination of excessive war profits, probably through taxation, and to the limitation of management salaries and bonuses.

## 1,600 IN STEEL CO. PLANT ARE ON STRIKE

Pittsburgh, April 21.—(P)—More than 1,600 steel workers of the Spang, Chalfant Company were idle today in a dispute revolving about a foreman the company fired because he addressed a union mass meeting.

Representatives of the concern, of the CIO Steel Workers Organization Committee and Commissioner Charles R. Ward of the U. S. Department of Labor conferred for hours in an effort to get the men back to work.

## SCARES ROBBER

Pittsburgh, April 21.—(P)—The screams of 18-year old Verna Nicholson so badly frightened a negro youth who had shouted "This is a holdup" last night he fled from the Zephyr Cleaners office in Bradock without any loot. Miss Nicholson had knocked off the telephone receiver.

## DARLAN SPEAKS

Vichy, Unoccupied France, April 21.—(P)—Admiral Jean Darlan, commander of all of France's armed forces, promised his fighting men today that "you can rely on me as I rely on you to proceed further along the path of honor and to defend the empire."

## Pretty Secretaries Winning Battle of Slacks On Coast

Los Angeles, April 21.—(P)—It looks like the 26 pretty secretaries to city officials are going to win the battle of slacks.

They polled the city council and claim seven votes for slacks, two against and two doubtful.

The girls petitioned Walter Peterson, city clerk, for permission to wear the informal garb through the war.

Silk stockings are scarce and expensive and skirts are being abbreviated to the point which might prove embarrassing the girls at (Turn to Page Three)

MacArthur Signalizes Assumption of Pacific Charge by Issuing First Communique

## LANDING AT SAN JOSE

BY VERN HAUGLAND  
U. S. Army Headquarters in Australia, April 21.—(P)—Gen. Douglas MacArthur signalized the establishment of his new southwestern Pacific headquarters and completion of his staff today by issuing his first daily communique which embraced operations in the Philippines, Dutch East Indies and Australia.

With a staff composed largely of his aides who were in the Philippines, he also highlighted the attention he is devoting to that sector of his command by announcing that Japanese artillery firing upon Corregidor fortress in Manila Bay was abating.

The big American guns firing from the island had registered telling hits upon enemy troops, his communique said, and enemy shelling and bombing was having negligible effect.

Announcing a new raid yesterday on Salamaua, Japanese foothold on New Guinea, north of Australia, Gen. MacArthur said the Japanese headquarters buildings were smashed along with some hangars, and a fuel dump was destroyed.

MacArthur's headquarters, which said its communique will supplant henceforth those which have been issued by the Australian government, also told of allied air attacks upon Koepang in Dutch Timor and Rabaul in New Britain.

A previously announced Japanese attack on Port Moresby in New Guinea, also was mentioned. Elsewhere in the Philippines, it was announced that American-Filipino forces were continuing their aggressive patrol action against the Japanese occupying a fringe of Mindanao island, and that the Japanese had not yet been able to overcome the defenders in Cebu and Panay islands.

At San Jose, in southwestern Panay, the Japanese have made a new landing, it was said.

## Chief Honors Intrepid Flier

Washington, April 21.—(P)—Lieutenant Edward H. O'Hare, the intrepid naval aviator who destroyed five Japanese bombers and damaged a sixth in five eventful minutes, received from his commander in chief, President Roosevelt, today the Congressional Medal of Honor and a promotion to the rank of lieutenant commander.

Standing at attention with his eyes blinking rapidly, O'Hare heard the chief executive read a citation which called his feat "one of the most daring, if not the most daring single action in the history of the United States."

## NAVY CROSSES GIVEN TO SUB COMMANDERS

Washington, April 21.—(P)—Four American submarine commanders have been awarded navy crosses for daring raids in Japanese waters, including one unusual combat in which a Japanese submarine was torpedoed and damaged.

The four commanders were credited in a navy announcement last night with the sinking of six Japanese ships totaling 45,000 tons. These sinkings had been announced previously. The score now stands at 36 Japanese ships sunk, 12 probably sunk, and 11 damaged, including the submarine.

## Problem Comfortably—and Nicely.

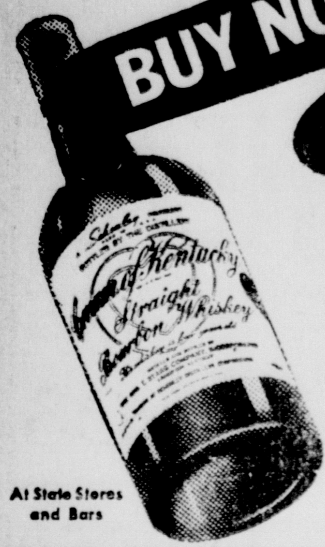

Peterson tabled the petition "for an opportunity to judge public reaction to the request."

He got the council's reaction first. Councilman Delamere F. McClockey said he would introduce a resolution today giving the girls their permission.

Six other councilmen promised support. Two opposed it.

Comment from the doubters: John Baumgartner: "Too petty for consideration." Robert Burns: "I'm too old to care."

## First Meeting of Intensive Portion of Community Chest Drive Scheduled For Monday

As the big unit account divisions got under way yesterday, final arrangements were completed at the campaign headquarters for next week's report meetings at the Y. W. C. A.

The opening meeting will be held on Monday, April 27, at an 8:00 o'clock breakfast, when the Women's Division will receive its supplies and material. Report meetings will follow next week on Wednesday, April 29, and Thursday, April 30. These will be in the form of report luncheons, and the final meeting, a supper, will be held on Friday evening, May 1, at 6:15 o'clock. The time of the luncheons, it was announced, was established at 12:15.

H. R. McClure, chairman of the publicity committee, announced the appointment of Mrs. Mildred Allen Carter who will be in charge of these meeting arrangements. At the same time Mr. McClure announced a meeting of his entire publicity committee this afternoon at 5:15 o'clock at campaign headquarters to complete the final details of the Community Chest campaign publicity, and to set up specific plans for the Community Chest Sunday, which will be held on April 26.

Mrs. Hamilton is calling a meeting of her entire Women's Division tomorrow afternoon, Wednesday, April 22, at 1:30 o'clock at the Y. W. C. A.

At this meeting the ladies will be given their instructions by Mrs. Hamilton and will be asked to select the prospects upon whom they will call during the week of the campaign.

"I am delighted to report my fifteen teams completed," Mrs. Hamilton explained last night. "We have our complement of seventy-five women with a few extra, as this year we will be handling in addition to the usual prospects assigned to the Women's Division certain prospects heretofore solicited by a professional division, which has been eliminated in this year's campaign."

"Although we do have a job before us this year with everyone so busy and with so many demands being made upon us, we feel that with the group we have been able to get together to do this important job, we will be able to fulfill our responsibility with complete success."

Division B group chairmen met with E. H. Ley late this afternoon to receive the supplies for the accounts they have agreed to handle and are starting in at once in making the contracts with the employers of the firms in their groups.

"Although we do have a job before us this year with everyone so busy and with so many demands being made upon us, we feel that with the group we have been able to get together to do this important job, we will be able to fulfill our responsibility with complete success."

Division B group chairmen met with E. H. Ley late this afternoon to receive the supplies for the accounts they have agreed to handle and are starting in at once in making the contracts with the employers of the firms in their groups.

Mrs. Hamilton is calling a meeting of her entire Women's Division tomorrow afternoon, Wednesday, April 22, at 1:30 o'clock at the Y. W. C. A.

At this meeting the ladies will be given their instructions by Mrs. Hamilton and will be asked to select the prospects upon whom they will call during the week of the campaign.

"I am delighted to report my fifteen teams completed," Mrs. Hamilton explained last night. "We have our complement of seventy-five women with a few extra, as this year we will be handling in addition to the usual prospects assigned to the Women's Division certain prospects heretofore solicited by a professional division, which has been eliminated in this year's campaign."

### TIMES TOPICS

**IMPORTANT NOTICE TO ALL AIR RAID WARDENS**  
In obtaining a Pledge for Victory be sure and have the pledge sign his name just above the word "signature" on the third line in the space where the name, address and date are printed, when you obtain the pledge. Also please sign your own name on the last line of the sheet.

It is important that these signatures be obtained and the date to be filled in at the time the pledge is made, as it would be impossible for anyone else to do his work at a later date.

### GOES TO NEW HOME

Mrs. Mel Adolphson has left for Columbus, O., where she will join her husband. He has secured employment in that city.

### FOX CLUB MEETING

Every member of the Fox Club is asked to be present for the regular meeting held at the home of Bob Miller, 9 Hertz street.

### ONE ARRESTED

One was arrested and arraigned this morning before Police Justice Tracy M. Greenlund on a charge of intoxication. He was sentenced to five days in the county jail.

### ENTERTAIN BOWLERS

Knights of Columbus bowlers are to be guests of the Moose Lodge on Wednesday evening and all are asked to be present promptly at seven o'clock.

### AT CONVENTION

Mrs. Robert Kopf and Miss Ann Walker are in New York where they are attending the annual meeting of The Associated Press, which is being held at the Waldorf Astoria.

### TRIM TREES

An out of town tree doctoring firm was busy yesterday afternoon on Wednesday evening, between Fourth avenue, between Market and Liberty streets, where they were trimming trees on the south side of the avenue, clearing dead limbs and other branches away from telephone and electric wires.

### ASSUMES NEW WORK

Russell Schmidt, formerly associated with the Donald Burton Funeral Home in Erie, arrived Monday morning to take up his new work with Freeman O. Peterson, succeeding Fred Campbell, who is leaving to conduct a mortuary business in Buffalo, N. Y. Mr. Schmidt's wife and two children will come to Warren about May 1.

### WAIVES HEARING

Frank John Rollick, of St. Marys, waived a hearing before U. S. commissioner in Pittsburgh yesterday to await grand jury action on a charge of attacking the chief clerk of the St. Marys Draft Board No. 2. Rollick was accused of assaulting William C. Frank at the board's headquarters on March 9, while a group of selectees were being prepared to be sent to Erie for army induction.

### DIES IN EAST

Friends here have received with regret word of the death on April 17 in New York of Dr. Carl O. Johns, former summer school teacher in this section and brother-in-law of Dr. Luther A. Malmberg, of Thiel College. A specialist in petroleum chemistry, he had taught both at Bethany College and at Yale University and had held many important positions in the chemical field.

### IS RENAMED

Lack of action by the recent special legislature on the nomination of Clifford J. Welsh, of Erie, as a member of the board of fish commissioners brought about his reappointment yesterday by Governor James. Uncertainty whether a favorable vote could be obtained caused administration leaders to withhold his name from the senate. This made it necessary for the governor to renew the job after the special session ended.

### TRUCKER KILLED

Merle Raft, of Oil City, an employee of the A. O. Pfendler trucking firm, of Oil City, was fatally injured yesterday in the collision of his truck and another truck on the Perry highway near Mercer. Rinaldo Stoner, of New Castle, occupant of the other machine, escaped with minor injuries. Raft was employed hauling slag to the Keystone Ordnance Works in Crawford county. His death was the third in recent weeks in connection with the slag-hauling operations.

### PURCHASES CHAIN

Quality Cash Stores, Inc., which operates three stores in Warren, has bought out Paquin Snyder, Inc., and took over the chain of nine grocery stores in Jamestown yesterday with the exception of the store at 117 West Third street, which is considered unnecessary in view of the proximity of the Quality Cash Master Market and the Brooklyn Square store, which will be consolidated with a nearby Quality Cash store.

### PENNY SUPPER

## Club Heads Declare Tag Day Success

Although the exact amount raised in the annual "tag day" held last Saturday by the School Music Boosters' Club has not been announced for publication, officers of the organization report that the results exceeded all expectations and the uniform and instrument fund for local school music groups was given a real "boost."

With 69 students participating in the solicitation of funds through the sale of tags, the following were high for the girls: Nema Glassman, first; Ruth Ann Lewis, second; Virginia Johnson, third. In the boys' column were the following winners: Don Sontag, first; Richard McCarthy, second; Nick Geracinos, third. Nema Glassman's team rated first in the group sales; Catherine Barretta's second and Warren Johnson's third.

Sponsored by the ways and means committee of the association, these workers were ably assisted by a special patrons' committee consisting of Mr. and Mrs. L. A. Blair, Mr. and Mrs. B. W. Knapp, Mr. and Mrs. William Glassman, Mr. and Mrs. W. P. Taylor, Mr. and Mrs. William Yeager, Mr. and Mrs. Freeman Peterson, Mr. and Mrs. Alan Templeton, Mr. and Mrs. T. J. Black, Mr. and Mrs. Harry Thurn.

The entire group's special thanks is extended to the Miller Drug Company for use of its storeroom as a headquarters for the day; also to every person who cooperated in any way in making the project such a success.

In addition to the patrons printed earlier, the following names are released by the committee:

Mrs. E. Noble, H. M. Miller, Dr. R. H. Israel, John T. Newell, Miss Anna Rockwell, Mrs. Alice Newmaker, Mr. and Mrs. H. W. Schmidt, W. P. Taylor, Paul Yagge, A. H. Templeton, Neil Paterson, C. T. Conarro, Mr. and Mrs. T. J. Black, Mrs. Owen McLeer, Chester Randall, T. L. Armstrong, Clarence Arnold, E. M. Branch, R. W. Fisher, Henry Fisher, R. W. Stober, George Cowden, Nels Anderson.

### Arthritis Is a Job For the Physician

BY PAUL BRAUNSCHWEIGER  
of the Mullen Drug Co.

Perhaps you have arthritis and do not know it. Perhaps you do not have, yet think that you do have it.

In either event, yours is a case for expert medical advice. Few maladies of mankind are so baffling, so difficult to yield to treatment. The point is that considerable damage may ensue to your health if you neglect an incipient attack of arthritis, or if you allow yourself to follow advice and accept nostrums prescribed by anyone but a doctor.

## BOYS IN THE SERVICE

Private Pat W. Ferrie, formerly of Fort Bragg, N. C., but now stationed at Camp Blanding, Fla., has arrived for a ten-day furlough with his parents, Mr. and Mrs. Heath Ferrie, Conewango avenue extension.

Private Jack Snyder, stationed at Camp Livingston, La., arrived home Monday morning to spend ten days with his mother, Mrs. Mary Snyder, 330 Water street.

After receiving no word for nearly three months, Mr. and Mrs. Edward C. Aubitz, 310 Prospect street, have had a message from their son, Private Charles Aubitz, informing them of his arrival with armed forces in Australia. After training at Fort Belvoir, Va., young Aubitz was stationed at Camp Edwards.

Alden O. Carlson, Pennsylvania avenue, west, reports a strange coincidence in this week's army news. With a brother, Lawrence, scheduled to leave with a Jamestown selectee contingent on Monday morning, the local man received a call from another brother, Clarence, in West Palm Beach, Fla., reporting his departure for induction at the same time as his twin, Lawrence. A few minutes later, Carl Carlson, called his brother from Buffalo, N. Y., to tell of his plans for leaving on May 1.

### Spring and Summer Plans Announced in YW Board Session

Twelve members of the Y. W. C. A. board and the general secretary, Mrs. J. H. West, attended the April meeting last evening, when routine business covered departmental reports and suggestions were presented by those who attended the regional conference in Pittsburgh last weekend.

Mrs. H. C. Warren, chairman of religious work, opened the meeting with a devotional thought and spoke of the needs of the national committee for war emergency work. She stated over \$40 was realized from the Lenten tea held for this fund and that other projects will be planned during the year.

Announcement was made the summer camp will be held at Newwatah on Lake Chautauqua June 14-24 and that camp povvow for all Girl Reserves who were at camp last year or expect to go this summer will be held on Saturday afternoon of this week. Mrs. Howard Huff was announced as speaker for the Girl Reserve's mother and daughter banquet May 4.

Mrs. H. B. Pettit, cafeteria chairman, presented plans for Community Chest workers' luncheon, to be assisted by board members, Mothers' Club members and younger units.

It was stated that nine places had been filled in the calls for household employment during the month, with rooms investigated and places found for four girls. Figures showed the Girl Reserve department attendance to be 447, senior department clubs and classes at 508 and outside groups totaling 919.

### Social Events

**AT THE PHLOMEL**  
All Phloemel Club members are invited to attend the study program to be conducted at 2:30 p. m. Wednesday by the president, Mrs. Allie Russell. Members are also anticipating their annual exchange visit to the Mozart Club at Jamestown, N. Y., on Saturday of this week and are asked to call Mrs. N. D. Paterson if they have room in their cars for others or desire transportation. The program will be given at 2:30 o'clock in the Jamestown Y. W. C. A. auditorium, with Miss Jean Robertson as the artist.

Mrs. Russell will speak on "The Art of Southern Europe" and will show copies of the world's great masterpieces.

### WOMEN OF MOOSE

Warren Chapter, Women of the Moose, will entertain Mrs. Goldie Bissell, district officer from Jamestown, N. Y., at an afternoon session on Wednesday in the local lodge rooms. Announcement is made that there will be a mixed pair game tonight in the club rooms, with play starting promptly at eight o'clock.

### PARTY FOR SELECTEE

A farewell party was given at the home of Mr. and Mrs. Fred Anderson in honor of Clair Winger, who will be inducted for army service in the near future. Lunch was served and prizes were awarded. Those present were Mr. and Mrs. Bloom, Mr. and Mrs. Mike Huber, Jr., and daughter, Carol Jean, and Bernice Winger, of Sheffield; Frank Winger, Arthur Winger and Frank Winger, Jr., of Tiona.

### W. S. C. S. MEETING

The W. S. C. S. of the First Methodist church will have its regular thirteen luncheon in Founders hall at 1 p. m. Thursday. The speaker will be Mrs. Magno de Carvalho and music will be provided by Miss Romaine Meacham. All are invited to the program at two o'clock in Dunham parlors if they cannot attend the luncheon.

### MISSIONARY GROUP

The Margaret Zundel Missionary Society of the First Lutheran church will have a mission study class in the parish house at 7:30 p. m. Wednesday, with Mrs. Richard Check and Mrs. Charles Cable reviewing the study book, "Then the Light Came".

### B. P. W. MEETING

At 7:30 this evening in the Y. W. C. A. activities building, the Warren Business and Professional Women's Club will hold its postponed April meeting. A program and social time has been planned and a large attendance is hoped for.

## Mrs. W. M. Cashman Heads Medical Unit

Mrs. William M. Cashman was elected president of the Warren County Medical Auxiliary at the annual meeting held Monday afternoon at the Y. W. C. A. activities building. Others named were Mrs. Leonard Rosenzweig, president-elect; Mrs. T. K. Larson, vice president; Mrs. William L. Ball, secretary; Mrs. Gail K. Riddelsperger, treasurer.

Miss Margaret Grinnell, of the Warren State Hospital, was guest speaker yesterday, telling the membership of occupational therapy carried on at the institution and displaying samples of work done by the patients.

Plans were discussed for the annual luncheon on Saturday, May 2, when the state president and district counselor will be honored by the local group.

The committee for dinner at six o'clock last evening was composed of Mrs. F. G. Haines, Mrs. C. H. VerMilyea and Mrs. Leonard DePonceau.

## Social Events

### HONORED AT PARTY

Miss Patty Curtis was honored guest at a miscellaneous shower given by her mother, Mrs. Florence Curtis, and Mrs. Bernice Schwanke at the former's home. Games were played with prizes going to Miss Mary Jo Nuffer and Miss Marie Siffin. The bride-to-be was showered with many lovely gifts for her future home.

### TELL OF ENGAGEMENT

Mr. and Mrs. Charles Stephens, 509 West Fifth avenue, announce the engagement of the former's sister, Doreen C. Stephens, to James C. Beach, son of Mr. and Mrs. Ralph Beach, 511 West Fifth avenue. No date has been set for the wedding.

### DAUGHTERS OF V. F. W.

The Daughters of Veterans of Foreign Wars will have a tureen supper at 5:30 p. m. Wednesday in the post rooms, followed by the regular meeting at seven o'clock. A large attendance is desired since officers are to be elected.

combat aviation." Then, while the president clasped his hand, O'Hare watched his bride place the medal around his neck.

Calling attention to the stripes of a lieutenant junior grade on the sleeve of the young officer, the president remarked that O'Hare had not yet time to get the fixin's of a lieutenant commander and then handed O'Hare the promotion papers boosting him two grades.

Almost inaudibly, O'Hare acknowledged his promotion, "that is very nice," "thank you very much."

**NATIONAL GARDEN WEEK**

This is the period set aside some time ago by the Department of Agriculture as National Garden Week, in the hopes that such an occasion would promote gardens in rural, town and suburban areas.

Many of us can remember the war gardens that were planned in and about Warren during the first World War, when countless folks planted potatoes and beans and such things on their lawns and back yards, and hoed and weeded them through the heats of summer. Thus they added to food production.

It was said at that time that "food would win the war." It will help a lot to win it this time. A surplus of food means that plenty can be exported to foreign lands. Well fed populations have more vitality to work hard, and provide the weapons with which their men can fight successfully.

Cultivating a vegetable garden is one of the best employments for the householder and his family. It promotes health, people have better appetites after they work in the garden. Fresh vegetables, supply essential vitamins, and we all need them.

So, if you have unused space around your home, why not start a garden as a contribution to the effort of America to maintain freedom and justice?

**IT'S WAR**

We can't buy new automobiles. We shall have to use the old jalopies year after year, instead of turning them in every spring for new models.

We can't buy tires. We shall have to walk to stores and bridge parties or else use buses and trollies.

Gasoline is rationed—or will be—to dealers. We must either spread our share through the month or lay up the car the latter part of each month.

Stores and laundries and various service agencies are saving tires and gasoline. Our demands for instantaneous service are coldly rejected. We have to plan now and take advantage of regular pick-ups and deliveries.

Refrigerators and stoves and radios and washing machines are not being manufactured any longer. Dealers are running out of patterns in linoleum. We can't get aluminum percolators or other cooking dishes. Sugar is short. Typewriters aren't on sale. We can't have cuffs on our trousers.

It's terrible—or is it?

Certainly it's inconvenient. Our civilian life isn't quite normal. But suppose the next time somebody—you perhaps—begins lamenting our hardships in this war you pin him—yourself?—down to specifications. Exactly how much have we been hit by the sacrifices, the rationing, the deprivation thus far?

We are escaping very lightly thus far.

Suppose we were Britain. We wouldn't have been rationed on tires—because for two years and a half there wouldn't have been any new cars and petrol rationing would have permitted us to drive no more than 200 miles a month. We should be accustomed long since to scarcity of most types of food—not merely a few. We should be limited to one suit, one coat and a few haberdashery items a year, and should long fervently for the good old days when only trouser cuffs and extra pants were banned.

Suppose we were French, or Belgium, or Dutch, or Norwegian, or Poles, or Serbs, or Czechs, or Greeks—or Chinese?

To be sure, we're none of these. We're American and proud of it. Why suppose the impossible? Why compare us with those unfortunates?

Because they, too, once thought it couldn't happen there. They, too, declined to sacrifice against the future. They awoke too late. Thanks to them, we know in advance the dreadful cost of half measures.

We can and will give up luxuries which we have taken for granted in order that the Armies of Democracy may have all they can use of what there is.

It's war.

Don't forget the Salvage for Victory campaign will extend through the duration.

Better be watching the lawn—the first thing you know grass will be too high to clip with a mower.

How about a little heat?

**WASHINGTON IN WARTIME**

By JACK STINNETT

WASHINGTON — Back of those tall columns of temperatures and rainfall data in our daily paper lie some 120 years of fascinating history. It's told in a neat 222-page typewritten report with a pretty discouraging title: "List of Climatological Records in The National Archives."

The first nation-wide weather reporting system was set up by two Army doctors, Surgeon-General Joseph Lovell and Dr. James Hutton, in 1814. They wanted to find out whether climate influenced the health of soldiers!

ARMY surgeons at every post and fort were equipped with weather instruments. The observations were carried out faithfully as a whole, although Indian raids interfered once in a while. "Owing to the threatened outbreak of the Wallapais," read an early report, "the rain gage was abandoned for several days and was only visited the second day after the rains."

Meantime James P. Espy, of Philadelphia, chairman of the Joint Committee on Meteorology of the American Philosophical Society and the Benjamin Franklin Institute, was developing a system of 110 voluntary observers. Seeing the need for a nation-wide reporting system, Espy in 1842 began establishing himself in Washington as the "national meteorologist." A writer of the day recalls that his salary was covered by riders to "one appropriation bill after another, Army, civil and diplomatic, naval, legislative, executive and judicial," attached by his friends in Congress.

When the Smithsonian Institution was founded in 1846, Espy got a real opportunity to put his idea to work. He and Joseph Henry, first secretary of the Institution, developed a chain of observers reporting daily by telegraph.

BUT the need got beyond the means of either the Army medical department or the Smithsonian Institution, and in 1869 popular demand led to the setting up of a federal weather service. Col. Albert J. Myer, political-wise chief signal officer of the Army, saw an opportunity to maintain in peacetime the department he had organized during the Civil War and succeeded in having the work assigned to the signal corps.

However, Myer was not merely power-hungry. The weather service under his direction became a real forecasting service. His predecessors, for lack of facilities, had had to content themselves with collecting information intended to draw a broad picture of American weather so that westward-moving farmers, for instance, would know where to find suitable crop climates.

Gradually the farm bloc in Congress (they had one even then) became dissatisfied with the way the weather service was faring under Army rule—and the Army didn't like the way the signal corps was forgetting all about signalling. So in 1890 the service was transferred to the Department of Agriculture, where it remained until 1940, when the importance of its work to aviation brought about its transfer to the Department of Commerce.

**MAN ABOUT MANHATTAN**

By GEORGE TUCKER

NEW YORK—When you see an actor in tights whose legs are symmetrically proportioned, don't be too sure they belong to the actor. They may belong to Dazian's.

Dazian's is an old theatrical costume and fabrics house that is celebrating its centennial this month. The divine Sarah Bernhardt is with the immortals, and she is remembered as the perfect actress... yet beneath the make-believe and camouflage of the theater lies the grim fact that she had only one leg—her left. Few of this generation remember that she was a diabetic and that her right leg was amputated. It was Dazian's who provided the "symmetrical" to replace the missing limb, and for a decade after the amputation she continued on the stage in the height of her powers.

IT was Dazian's, too, that built the symmetrical that added two and a half inches to the calf of one of John Barrymore's legs, when he appeared on Broadway in tights in "The Jest." The great Mansfield wore symmetricals, and almost every other actor whose legs did not measure up to the standards of the day.

The man who had the most to do with these symmetricals and who is president of Dazian's today is Emil Friedlander, a tall, easy-to-talk-to man with graying hair and laugh-wrinkles about his eyes.

He has spent 42 years in the business of costumeing shows for Broadway and Hollywood productions, and the walls of his office, at 142 West 44th Street, have grown into a sort of museum of mementos of great epics

and times in the theater... In one frame are two cancelled checks—one for \$50,000 left by the late Henry Dazian himself to the Actors' Fund of America, and another for \$90,000, donated to medical research... In all, Dazian left more than two million dollars to medical research, and if you care to glance through the directories you will find the name of the research fund that bears Dazian's name.

EMIL FRIEDLANDER has one of Sarah Bernhardt's slippers, a fragile, tiny thing of pink satin made by Meier of Paris, who, according to the legend in the slipper also made shoes for the Queen of England. He has personal notes from Belasco framed on the wall, which begged Mr. Dazian not to let the details of Belasco's new shows become a subject for gossip in the cafes of Paris.

Shortly after the last war, Mr. Friedlander hurried to Europe and bought up officers' uniforms of all the armies of Europe... These are now in Hollywood, and when you see motion pictures of today showing Italian, Russian, German, Austrian, Japanese, and French uniforms—the chances are that these are the ones he brought back with him... found mostly in pawnshops from the Volga to the Seine.

To students and writers of the theater Friedlander's library is a thing of envy... It is a store house of source material, from rare and hand-tinted patterns of Godey's day to costumeing in through generations of factual records of the theater as well as the individual reminiscences of the stars who made the theater great.

Interesting Items Taken From the Warren Evening Times

In 1922

Negotiations which have been under way for several weeks were finally closed Wednesday afternoon when Conewango Aerie No. 313, Fraternal Order of Eagles purchased from Dr. S. J. Wallace one of the best available building sites remaining in the business district of Warren. The lot is located on the south side of Pennsylvania avenue, just east of Liberty street.

Ed. Finley, guard on the championship Warren High School basketball team this past season, was chosen manager of the 1923 team at a meeting of the Athletic Association yesterday afternoon. He succeeds Manager Potts, who graduates.

Peter McCabe, who conducts a restaurant on Hickory street and who was forced to move to allow the use of his room to the New Process Company, has leased the space now occupied by Miss Emma Seafast as a millinery store on the first floor of the Moose building on Hickory street.

R. N. Brown returned this morning from a business trip to Erie.

E. L. Stein, of the Woman's Shop, is in New York on a buying expedition.

The Rev. W. P. Hanks, a former Warren pastor, will preach this evening in the Tabernacle of the United Brethren church.

In 1932

The bi-monthly meeting of Y. M. C. A. secretaries of the Northwest District, was held at the local association yesterday with 18 present, representing six associations. W. W. Hall, district secretary, was in charge of the business session.

That portion of the building on the island known as the roller rink which extended over the mill race is fast disappearing, having been razed to the piers by G. Koebley, the owner. For almost a score of years the building has been a landmark in that part of the borough.

A very interesting assembly program was presented at the high school this morning when Laveta Fouch gave a monologue and a one-act play, "Weinies on Wednesdays," was given by the following: Howard Grotzinger, Gretchen Knabb, Betty Kreps, Bob DeLong, Wayne Kemble and Kathryn Kehm.

A group of about 25 young people of the local Salvation Army is planning to attend a regional conference in Pittsburgh on Saturday, the trip being made in motor cars.

By taking three of four games rolled last evening, the Berry-McCoy bowling team copped the championship of the Elks League from the Keystone Printers.

Arizona's stand of timber has been estimated at 20,000,000,000 board feet, 85 per cent of which is ponderosa pine.

Sixteen thousand horses died of influenza in New York City in 1872.

**GALAPAGOS: Canal Outposts?**

Ecuador's Galapagos Islands, volcanic, jungled "Isles of mystery," form ideal site for outposts to protect Panama Canal. The 15 islands, area 2300 sq. mi., have many suitable naval harbors, are known for fish, tortoises, strange plant life.

Possible outposts for the Panama Canal on its unprotected Pacific side are these Galapagos Islands, possessions of Ecuador. U. S. technicians are now in Ecuador assisting in construction of a hemisphere defense base. The Galapagos are also potential targets of a trans-Pacific Japanese thrust.

## Civil Court Is Postponed To June 22nd

Announcement was made today by Judge Allison D. Wade that the regular term of civil court, scheduled for May 11, will be postponed until June 22.

Reason for the postponement, Judge Wade said, is that alterations and improvements to the large court room are expected to be completed by the middle of June and it will then be possible to hold court in the remodeled room.

According to Prothonotary Addison White, there are at present 15 cases listed for trial at the next civil court term.

## Milk Mixture For Stomach Ulcers

A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in its purest form. Easy to take. Just mix two teaspoonsful in a half glass of water or milk. Costs but little. Try a bottle. It must satisfy or money refunded. Lurin for sale by Miller Cut Rate and drug stores everywhere. (adv.)

## Youth Week Observance Planned Here

The seventh annual National Youth Week of the local Y. M. C. A. Boys' department will be observed this year during the week of May 4-9. Many interesting events are being planned for both boys and girls of Warren, starting Monday and continuing through Saturday. These events are sponsored by the boys' work committee of the Y. M. C. A. and are under the supervision of T. F. Eppley, boys' director.

The feature of the week will be the annual city-wide marble tournament, to be held each evening at 6:30 o'clock. The tournament will be conducted by schools, with a different school touring each evening. The finals will be staged on the "Y" tennis courts on Saturday afternoon.

The city champ this year will be awarded a free week at "Y" camp, while each of the school champions will be given a year's subscription to one of the leading boys' magazines.

Entry blanks will be available this week at the Y. M. C. A. and will be distributed through the schools next week. An early registration will be appreciated by the committee, so that the school tournaments can be arranged. Merlin Kelsey, leader of the "Y" Marble Club, will assist in the city championships.

In addition to the marble tournament, there will be other special activities each afternoon, including roller skating races, bicycle races, a fish chase in the "Y" pool, jallopy races, and the annual Gra-Y track meet at Beatty field on Friday afternoon.

On Saturday morning, boys chosen from the Boys' Council will take over various city offices from 11 a. m. until noon. These appointments will be announced later this week.

Although these activities have been planned for the boys of 13 years of age and younger, contests will be run for older boys in any event in which there is sufficient interest.

Gold embossed ribbons will be presented to the winners of first, second and third places in each event.

## RUPTURE SHIELD EXPERT HERE

H. M. SHEVYAN, widely known expert of Chicago, will personally be at the Samuels Hotel, Jamestown, Thursday only, April 23, from 9 A. M. to 5 P. M.

Mr. Shevyan says: The Zoptic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly, but increase the circulation, strengthen the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume, no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevyan will be glad to demonstrate without charge.  
Add. 6509 N. Arcturian Ave., Chicago. Large incisional Hernia or rupture following surgical operation especially solicited.

## 3rd Training Meeting Held By Scouters

The third in a series of monthly emergency service training meetings for Scout leaders will be held tonight at the Warren High School for representatives of Scout troops in the Warren County Council. Each of the representatives attending the course is repeating the instruction in regular weekly meetings at each troop headquarters.

Tonight's session will feature Capt. Ray Eckardt of the Warren Police Department, who will conduct lectures and demonstrations on fingerprinting and identification.

Ray Lewis will start off the program with instruction and practice on orderly movement for large groups, a series of group movements which has been approved by the national Office of Civilian Defense. Dr. William Ball will then instruct in the treatment of fractures and use of traction splints.

Following this general session the course members will split into three sections each in charge of its own leader and instructor. The first group will practice treatment of fractures under Dr. Ball's guidance, the second physical fitness activities including rope climbing, under Paul Reynolds, and the third, fingerprinting and identification under Captain Eckardt. At the end of each thirty minute period the groups will exchange instructors so that everyone will receive instruction and practice from each teacher during the evening.

In previous course meetings work on artificial respiration, knot tying, orderly movement, arterial bleeding, and physical conditioning have been covered.

This training course like all others offered by the Scout council is made possible through funds contributed to the Community Chest Campaign by the Boy Scout and Girl Scout rural districts outside of Warren.

## Just SCRAPS

### From the Salvage for Victory Committee

Well, if there's anyone who thinks Warren isn't in the scrap, he ought to go down to that stockade back of the old post office Garage and let his eyes rest on that pile of assorted nuts, bolts, screws, false teeth, hairpins, boilers, washtubs, and what-have-you, which we classify under the general term of "scrap metal." He ought then to sashay over to the South Side. Just west-by-south of Messerly's monument works stands a building made of sheet metal (nice place for scrap storage, what?). Take a look inside that building. It's practically full of assorted magazines, papers, dating back to the fall of Fort Sumpter and the Emancipation Proclamation.

### DID those Boy Scouts do a job?

About 125 of them all told (and they didn't need to be told very much) started out with the trucks about one P. M. and worked like beavers (but I don't believe any beaver ever worked that hard). If you could have seen these young Americans, ranging all the way from pint-size Penrods to pre-football Debs, if you could have seen the vigor with which they pitched in, and the fun they had about it all—well, you'd be cheerful about the outcome of the war. They say Hitler has drafted 12-year-old girls in Hungary for once-a-week training. We don't have to draft youngsters in America. They're just naturally on the job when needed.

Calvin Hall knows a thing or two about boys. And several more things about how to handle and organize them. He had them working for him every minute. And he was working for them, too. And they knew it. From the minute he rounded them up for instructions at the start 'til the job was done, it was one for all and all for one.

Hats off to Cal Hall! And hats off to his Boy Scouts! And a special cheer for Troop 4 of Jefferson School, who stuck right on the job 'til 7:30, just because the work was there to be done, and they meant to do it.

Warren citizens surely got their scrap out. So much so, that we couldn't collect it all Saturday. The job was just too big, even with thirty-three trucks and 125 Boy Scouts. Additional trucks and Scouts were out Monday and Tuesday, and most of the remaining material is safely in our hands by now. If your scrap hasn't been collected by Wednesday, phone our headquarters, No. 3048.

To date we estimate that a minimum of 25 tons of usable scrap metal has been obtained; about 4 tons of assorted metals such as brass, copper, and aluminum; about 4 tons of glass; and upwards of 25 tons of papers and magazines.

We say this is a "minimum," for we really think there's a lot more than the above figures.

But even these "minimum" figures amount to nearly 60 tons of stuff that won't do the Japaneezers any good at all when it begins dropping on Tokyo.

Let's say our scrap heap amounts to 4 carloads at the minimum. Multiply that by the number of Warren-sized towns in America. Then add the bigger towns. Then add the smaller ones. See what you get? Oh, all right, Adolf. Take it or leave it. On second thought, I guess you'll just have to take it.

## Two Boys Are Killed When Car Crashes

A pleasure ride by four students of Colestock High School at Titusville after classes closed yesterday ended on a sharp curve on the Titusville-Pleasantville road, about a mile east of Titusville, with the deaths of two and injuries to the other two.

Those killed were John E. Paulich, 17, of Titusville, and Bruce Gilson, 17, of Oil Creek township. The injured are M. LaVerne Fenton, Jr., 16, of Titusville, star route, and Joseph Lewis, 17, of Titusville, star route, both of whom are in the hospital.

According to state motor police, the four boys, all members of the junior class at the Titusville school, had gone for a ride after school and were returning to Titusville when the car, said to have been driven by Fenton, went out of control on a slight curve after passing a lumber truck and another machine. The car crashed into a culvert, completely demolishing the machine.

Deputy Coroner C. M. Sonne, of Titusville, said a certificate of accidental death will be issued. No inquest is planned.

## WITH THE CANDIDATES

### SMITH GAINS SUPPORT

Pittsburgh, April 21—(P)—Commissioner Richard L. Beamish of the public utility commission of Pennsylvania and City Magistrate Frank L. Zapalla announced today they will support Judge Ralph H. Smith, seeking the Democratic gubernatorial nomination.

"This is no year for petty, partisan, mud-throwing politics," stated Beamish. "It is a fighting year. A year for hard-hitting unity with our national war effort under the leadership of President Roosevelt. I have made my choice. He is my long-time fighting companion, Ralph H. Smith."

Harrisburg, April 21—(P)—Candidates backed by the Democratic state committee in the May 19 primary have the personal endorsement of former Governor George H. Earle, now serving as a lieutenant commander with the U. S. Navy.

"My best wishes for your nomination," Earle yesterday wrote Auditor General F. Clair Ross, gubernatorial candidate. "The state committee did a fine job when they picked a ticket."

"Elmer Kilroy has made an able and conscientious speaker of the house. Leo Achterman is typical of that sturdy Pennsylvania German."

## Four Ways to Help Win the War Dramatized During National Posture Week

What You Eat... Posture, Fresh Air, Exercise, Vital, Says Nutritionist

By Frances Kay Johnston, B.S.

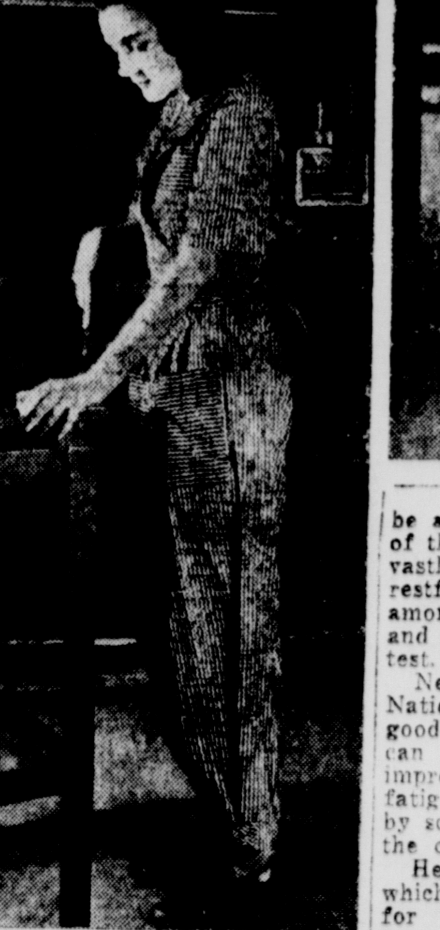

Loss of man-power through work stoppage is a more serious danger to this country than the guns of our enemies.

The average worker according to statistics loses eight days a year because of poor health due to common colds or other ailments. This lost time multiplied by the number of workers, in terms of work hours, has been estimated, would build 200 new destroyers and several times that many bombing planes—enough to assure victory for General MacArthur's forces in the Pacific.

If you are such a worker, what you and your family eat for breakfast, carry in your lunch box, or buy at the plant cafeteria may spell the difference between victory and defeat for your country.

Important daily foods for those who work indoors without sun, are: one pint of milk, whole milk cheese, eggs, butter, raw fruit, one green vegetable and two others (preferably one raw, as in salads); whole grain bread or cereals; sea food or one of the fish oils—cod, tuna, shark or a vitamin D-enriched food.

Of equal importance is daily ventilation of lungs by outdoor exercise. Of course you deserve

to rest after working hard in the factory all day, but the good to be gained will depend on how you rest. A long brisk walk may

be a bracer as well. Ventilation of the lungs acts as a stimulant, vastly more important and more restful in the end than slumped among cushions in a car. Try it and see. That is always the acid test.

Next week, May 4-11, is National Posture Week. How good posture in defense work can increase your efficiency, improve your health, and lower fatigue is to be demonstrated by schools and colleges all over the country.

Here are some suggestions which The S. H. Camp Institute for Better Posture gives for conserving energy at work: (1) Hold chin in and chest high; (2) Put most weight on balls of feet; (3) Hold abdomen in and up; (4) Hold back straight; (5) Point toes ahead.

# Bums Take Command By Beating Braves While Bucs Lose

## Max Butcher Shelled In 8-2 Loss to Cubs; Red Sox Stay On Top

**Associated Press Sports Writer**  
The Brooklyn Dodgers and Boston Red Sox were all alone at the head of the major league pennant races today, having earned their positions with the help of the Chicago Cubs, the Cleveland Indians, and some of that stuff the weather bureau says is not to be mentioned.

The Dodgers bounced the Boston Braves out of a three-way partnership in the National League with a 2-1 win, while the Cubs took the lead by beating the Pittsburgh Pirates 8-2. The Cleveland Indians, who shared first place before the loss of yesterday's games, 8-2.

In the American League, the Red Sox dropped a 10-4 decision to the Washington Senators but clung to the lead by half a game over the New York Yankees and the St. Louis Browns.

The Yanks missed their chance to pull even with the Red Sox when their scheduled tussle with the Athletics at Philadelphia was postponed by conditions which must remain a military secret.

Similar conditions possibly saved the Red Sox from further embarrassment, since a second game with the Nats had to be called off.

On top of that, the Cleveland Indians ruined the St. Louis Browns' chances of gaining the top spot by beating the Browns, 4-3.

At Pittsburgh, Max Butcher of the Pirates and Jake Mooty of the Cubs hooked up in a tight pitching duel for seven innings, but the Chicagoans exploded for half a dozen runs in the eighth, putting Butcher and the game away.

Stringer routed Butcher with a triple after three successive singles had produced one run and the Cubs turned three singles off eleven Hank Gornicki into three more runs.

The Philadelphia Phils depended entirely on home runs to generate their scoring for the second time in three days and lambasted the New York Giants on their own side, 6-2.

Al Glossop's homer with the bases loaded in the fourth followed a two-run four-master by Danny Litzwiler in the third and proved to be the game winning blow as the Giants tallied three times in their half of the fourth.

The Cincinnati Reds and St. Louis Cardinals tested for their opener today.

Johnny Ritzky shaded Dizzy Trout at the Chicago White Sox, 3-1, at Chicago.

## Grid Hall of Fame Set Up

Philadelphia, April 21.—(P)—The nation's college football stars will have a new goal to shoot for this fall—a gridiron hall of fame.

Bert Bell, president of the Maxwell Memorial Football Club which each year nominates the leading collegiate player in the country, closed the club will set up the football institution along lines similar to baseball's Hall of Fame.

Cooperstown, N. Y., the exhibit will be housed in Franklin Institute.

Club members will choose the selections. Bell said, with the late Knute Rockne of Notre Dame, Walter Camp of Yale who popularized All-American selections, and K. Hall of Dartmouth, former chairman of the Intercollegiate Rules Committee, among those to be considered.

After this fall, sports writers and radio commentators will make selections from persons now living. Life-size busts of those chosen will be placed in the hall, the announcements will be made at the club's annual Thanksgiving testimonial dinner.

**EAST WINS 7-6**  
East grade school took a 7-6 decision from McClintock in a Grassroots league contest played on a west side diamond last night.

Sevino and Morse shared mound duties for the winners, Castagnino pitching for McClintock. Tomorrow night Lacy and Jefferson meet at Lucy, with a win for the latter being automatically giving them a title.

Al Glossop, Phils—Hit home run with bases loaded to beat Giants.

## REQUESTED'S DERBY ODDS ARE FALLING

New York, April 21.—(P)—Signs that the bettors and the boosters of Ben Whitaker's Requested are weakening on the little fellow's Kentucky Derby chances came today in a couple of developments that were anything but polite way to treat a "hot horse."

While Alsab, all alone as the Derby future-book favorite at 4 to 1, was on a train pulling into Churchill Downs, Requested was shipped to Jamaica for Saturday's Wood Memorial in a surprise move to see if he could show any more in that "prep" than he did in the Chesapeake last Saturday when he faded to third in the stretch.

At the same time, the odds-layers dropped him from co-choice with Alsab to the second slot at 5 to 1, hooked up with Warren Wright's Sun Again.

The new line, placing Alsab on top in spite of his second-place finish in the Chesapeake—and dropping Requested and Sun Again—was announced by the New York commissioner, Frank Shannon. Back of the first three were William Woodward's Apache and Mrs. Payne Whitney's Devil Diver, both unbeaten as three year olds, hooked up at 6 to 1. Col. Ed Bradley's Bless Me, no ball of fire in his 1942 debut, slumped to 8.

## SPORT SPATTERINGS

Harry Sigel, a clever and likeable basketball coach who ranked with the topnotchers in district school circles, has left Franklin as you probably noticed in last night's paper... The gap he leaves at the Nursery school is a big one to fill, but the service he can render the Navy is even bigger... Leo Anderson is still the pro at Maplehurst, the business man's golf club, at this writing, but his draft status is unknown and he may be swinging for Uncle Sam shortly... The club officially opens Saturday... Fred Caliguri, the West Hickory flinger with Connie Ack's A's, did a pretty job of relief tossing over the weekend in the nightcap of the double bill with Detroit, but he couldn't pull the game out of the fire... Pittsburghers are asking the question, "Can Harry Bobo beat Joe Louis' time in knocking out Abe Simon?"... The two meet next Monday night in Duquesne Gardens, but we think it would be a bit wiser to simply ask if Bobo can knock Abe out... Simon went thirteen rounds with Louis, then did an encore for six... Bobo isn't Louis, but he has the old TNT... How about experience?... And yet, Lem Franklin felt like so much lead before Bobo in Smokytown recently...

George Olson, veteran bag-punching artist, has agreed to show his talents as an added attraction for the Y. M. C. A. Gymkhana coming up April 30 and May 1... Olson keeps five punching bags going all at once in one of his many routines... It's been quite a spell since he gave an exhibition, and he's always been a big hit... It'll take some volunteers from the baseball world locally to get Russell Field in shape to play Sunset League ball this summer, but that's about the only thing holding up the procession... Five teams are practically certain to enter, and probably a couple of others, when, as and if... Meanwhile, how about a little verbal interest in the game?... Certainly, out of our population of some 15,000 there should be a few suggestions... Myron Check's placing second in the Mancuso Sweepstakes at Batavia, N. ## Montgomery Kinnear's and Forge Shop in Close Match; Bleech Hits 677 Set

Philadelphia, April 21.—(P)—Bob Montgomery hammered his way to a unanimous 10-round decision over Mexican Joe Peralta last night to regain part of the prestige he booted to his sorry showing against Lightweight Champion Sammy Angott last month.

The Philadelphia negro, touted as the uncrowned champion until he bowed to Angott in New York, took two rounds to warm up in and then started a tattoo of solid punches to Peralta's mid-section that carried to the final bell. Montgomery weighed 137½ to Peralta's 134½.

The Mexican, who fights out of Tamaqua, Pa., beat the Bobcat to almost every punch in the first two heats but thereafter he was strictly on the defensive. Twice, in the seventh and eighth rounds, he showed some of his early speed but Montgomery required only seconds each time to check the rally.

A crowd of 6,500 contributed to a gross gate of \$9,489.25.

Some hard punching took place in the Arcade Industrial League last night as teams pounded into the stretch with bulging scores and with the finish only three weeks away.

Kinnear's, in a deadlock for second place and a mere three games behind the league-leading Times-Mirror, added up 2784 but found themselves second best as the Forge Shop, co-occupants today of that second place slot, smashed through with a 2829 total, only a dozen pins away from the record which Butter Krusts posted recently.

Sam Cosmano had games of 212-227-209 for a 648 series and the Forge Shop had an even 1000 pins in the last game as they claimed three points.

The Times-Mirror, paced by Mike Bleech who carded games of 223-212-242 for a 677 set, highest for the night, took four from Millie's Inn with a better-than 500-pin margin.

Kieshauser hit 622 and led Bab's Barbers to a three point win over the Butter Krusts on a team total of 2620, and Crossett's lost four to the Heat Treat in a low scoring match.

Nobody collected an unusual amount of pins at the Elks, where Irvin rolled 2532 for the biggest score of the night and didn't need it as Kirbergers forfeited four points to them, Steins lost four to the Style Shop, Maders ditted against the Warren Tank, and the South Side Market won a three point verdict over Soda Mineral.

Honor roll scores: At Arcade—Kieshauser 245, Gaghan 211, Greenlund 224, M. Bleach 242, Aumer 225, Wiltzie 224, Cosmano 227, Fielding 230, Seaguilt 235, At Elks—Lynch 210, F. Baldensperger 211, Anthony 212, Menoe 225.

The Suez Canal, opened in 1869, was thirteen years in construction.

decorated this charming old home?" he asked her earnestly.

Stephanie smiled. "I think you've done beautifully," she said quite sincerely.

"Do you really? I'm very glad," he said gravely. "And now the garden. Come!" He took her arm.

"Let me show you what we are doing there." Then, turning to one of the fleet of Japanese men-servants who passed great silver trays of thin-stemmed cocktail glasses, he called:

"Tatu!" and then spoke rapidly in what Stephanie supposed must be Japanese.

The boy bowed, disappeared. A moment later he returned bearing Stephanie's fur jacket.

Smiling, but just a bit uncomfortable under such de luxe courtesy, Stephanie tried hard to be interested in the garden Mr. Miller was showing her so proudly.

"I think it will never be as lovely as your garden," he said as they wandered down a long gravelled path to the bottom of the garden where a stone wall marked a boundary.

"It will be far more lovely," she insisted. It should be. After all, four expert gardeners should make a difference. Then suddenly, her glance caught a row of little shrubs planted along the wall.

"What is that?" she asked aloud.

"A hedge row. To break the wind here from the Bay," Mr. Miller explained.

"Oh, I see." But she didn't see, though she looked again to be sure, why any real gardener would plant tiny fir trees six inches apart!

Even before they turned back toward the house, Stephanie had set a guard on her tongue. "Have you lived here long, Miss Merrill?" Mr. Miller wanted to know.

"All my life," she smiled disarmingly. "Why?"

"All these years you know our neighbors and perhaps I may hope that you will give us the great pleasure of meeting them," he said smoothly, fingering his monocle. "We want very much to make friends here in our new home."

**Stuffed Shirts**

WHY, Stephanie demanded of her other self, should he be so concerned about the people who happened to live near him? Besides, she smiled wryly, she couldn't picture Sonoma Street exactly taking the Millers to heart. Guy Merrill would probably be among the first to pronounce them "stuffed shirts."

And, strangely enough, those were exactly Guy's words when at the breakfast table the next morning, Stephanie told him about the elaborate party.

"All right, to know what his name was before it was Miller, Guy growled over his toast and marmalade. "I don't like the smell of the whole business. People who call themselves Americans and can't speak the language without a foreign accent are either smart spies or stuffed shirts. In either case I don't like them!"

"Be reasonable, Daddy. Just because a man has an accent doesn't mean he hasn't loyalty," Stephanie reminded him logically.

"Sure, I know that. All the same, I don't intend to hob-nob with the Millers. And I'd prefer that you didn't, either."

"Daddy! What are you? You're beginning to sound like a maiden aunt." But, watching Guy's tired face, she decided to withhold her suspicions until she had something definite to tell.

But in the next instant, all thought of the Millers was banished completely. Tsang, his round face ashen, thrust open the door, blurted:

"My radio says Japanese shooting American boats. Very bad."

Guy jumped to his feet. "What are you saying?"

"Japs in Pearl Harbor. Make war."

"Pearl Harbor!" Stephanie echoed, following her father as he raced toward the living room and the radio. "Pearl Harbor!"

## Secret Orders

Chapter 11  
Pearl Harbor

UNEVENTFULLY, the following week brought nothing more than routine work at Headquarters for Stephanie, and for Guy Merrill sufficient recovery from his injuries to return to Titan.

Stephanie worried continuously about father even as she realized that his position was no more hazardous than that of hundreds of other San Franciscans upon whose shoulders rested large responsibilities for defense work.

So deep was she in her own thought, she started when she heard her name.

"Stephanie! Wait a moment, please."

Turning, she saw that it was Henri calling, waving to her from the steps of the old Stone mansion next door. Another moment and he was leaping down the steps, crossing the garden adjoining her own.

"Hello!" Stephanie smiled slowly. Then, glancing back at the house from which he had just come, she looks as if you'd inaugurated a Good Neighbor policy for us already."

Henri bowed slightly over the hand she extended to him. "Amazingly enough, Stephanie, your new neighbors are very old and very good friends of mine from Yokohama."

"Yokohama?"

"I was attached to the Belgian consul there from 1928 until 1935. Mr. Miller was vice-president of the National Bank there," he explained. "He is very charming. He has retired now and plans to live here the rest of his life. That is why he is making such extensive improvements, as you see."

Henri's gesture explained the squad of gardeners busy weeding, trimming, spading up the old, overgrown garden now.

"Yes, I see," she murmured. "What a coincidence that they should have taken this house. Did you know that they were going to?"

Henri shook his head. "Not at all. It was a very pleasant surprise to me. I hope you will give me the privilege of introducing them to you."

"Yes, of course. I should like to meet them."

"Good. Then perhaps you will come with me tomorrow to the reception which they are holding for all their American friends," he replied promptly.

"Why—thank you. I guess—I can"—reluctantly. Somehow she wasn't really overjoyed at the prospect of meeting her new neighbors but she couldn't think of any good reason why she shouldn't go.

And the reception was really quite elaborate, she realized as Henri steered her through the crowded drawing room toward the receiving line.

**Too Gracious**

HENRI introduced her to their host and hostess and Stephanie realized she couldn't have been more jittery if she were being presented at Court. And the Millers were most gracious too. Mrs. Miller, tall and white-haired, wore black velvet and real pearls and an air of regality that made Stephanie's simple,

"How do you do, Mrs. Miller," sound like lese-majeste.

And Mr. Miller himself, who spoke English with a heavy, guttural accent, looked exactly like the Hollywood version of an Archduke Van Dyke head, heavy signet ring, monocle and all.

But, despite the fact that their beautifully furnished drawing room was crowded with distinguished looking guests, the Millers went out of their way to be gracious to their new neighbors. Stephanie flushed a little under their apparent delight in meeting her.

"But she is beautiful, Henri!" Mr. Miller said later as he joined her for a cocktail. "You failed to prepare me for such loveliness."

"Thank you," she murmured, at a loss.

"Look, what is your opinion of the manner in which we have

## Everyone Who Can Do So Is Urged to Sign Victory Pledge

The War Savings Committee has received several inquiries about the need for signing a Pledge for Victory from those who are already joining in the pay roll plan where they are employed, or already buying bonds in some other way. The Government requests that everyone who can possibly do so should sign a Pledge for Victory anyway, even if he is already allotting a part of his pay where he is employed, or is otherwise buying bonds. The purpose of the Pledge for Victory is to show the Government how much it can expect in the future from such buyers.

It is not a duplicate allotment of pay, nor is it a contract of any sort. It is the signer's pledge that he will do his best to buy the amount he indicates somewhere, either in the way he is now already buying at his place of employment, or through a bank, post office, or otherwise. The Minute Man emblem is given only to those who sign a Pledge for Victory to indicate their present action or future intention.

Richard Norris, who has been engaged professionally in New York City, is here for a week's visit with his father and other relatives and friends.

Mrs. A. C. Jackson and Miss Barbara Jackson, Liberty street, are home from a vacation spent in St. Petersburg, Fla.

Mrs. Robert Hall, who has been spending the winter in Philadelphia, has arrived for a visit with local friends.

Miss Minnie Borne, who was called home by the death of her father some time ago, has returned to her employment in New York City.

Jack Blair has returned to New York City following a visit at the home of his parents, Mr. and Mrs. J. L. Blair, East street.

### UNCLE EF

It'll certainly be a happy day when the radio news announcers can quit coming in quickly with something about what the Russians have done after giving us a piece of bad news like the fall of Bataan or the sinking of some British ships. That's like trying to make castor oil taste good with a stick of candy.

After a brief wedding trip to Palm Springs, Mr. and Mrs. Field will reside temporarily at Pasadena, where Private Field is located in the finance division of the United States Army.

The Catholic ceremony was performed at St. Philip's church, Pasadena, Calif., with the Rev. J. M. Burch officiating. The bridegroom's sister, Miss Jeanne Field, acted as bridesmaid and Kenneth Franklin Brooks, of Oakland, Calif., served as best man. A reception, with dinner and dancing, followed at the Biltmore Hotel.

The bride is the only daughter of Mr. and Mrs. J. M. Morlan, of Los Flores Drive. She was educated in the Pasadena schools and graduated from Junior College.

Mr. Field, son of Mr. and Mrs. F. F. Field, fifth avenue, graduated from the local high school and continued his education at the Wharton School of Finance and Commerce, University of Pennsylvania, where for four years he was prominent in baseball circles and the Mask and Wig show.

### Retired Railroader Getting Ready For His Flower Garden

With warm weather coming on, John H. James, of 1008 Fourth avenue, 64-year-old retired Pennsylvania Railroad employee, is getting ready to plant his flower garden, which has become a landmark on the West Side. The garden, which is planted each year on the north side of Fourth avenue, just west of the Pennsylvania Railroad tracks, adds a touch of beauty to a section almost entirely predominated by the smoke of railroad and factory.

Mr. James, better known as "Jack" to his many friends, retired on January 3 of this year after nearly 43 years of trucking freight at the local P. R. R. freight station.

A former printer, Mr. James went to work at the freight station here on September 27, 1899, with the intention of remaining only for the pre-Christmas rush, but he stayed on continuously until January.

He learned the printing trade in the offices of the old Warren Democrat and became a charter member of the local typographical union. He also is a charter member of the Knights of Columbus here.

Mr. James has a son, John, Jr., who is carrying on the trucking tradition, being employed as a fireman on the Pennsylvania Railroad.

## Vitamin Laboratory Services Acquired by Local Baking Co.

A representative of Dawe's Vitamin Laboratory was in Warren yesterday to confirm the acceptance of the Warren Baking Company and its associated baking plants at Bradford and Dunkirk into the selected group of bakers and food manufacturers.

This service means that the Warren Baking Company and its associated plants are now connected with one of the outstanding vitamin laboratories of the country and have the facilities of this laboratory at their command. This step is being taken at this time by bakers and food manufacturers the country over when the opportunity permits to enable them to have an analysis made regularly for the vitamin content of their product.

The acceptance of Warren Baking Company and its associated companies is especially significant at this time in that they are coming out with a new loaf tomorrow fortified with 8 vitamins and minerals, against ordinary enriched bread of but 3 vitamins and minerals.

Nels Anderson, manager, stated that they are doing everything humanly possible to give the utmost in vitamins so important to the public at this time. The government has been especially active because of the importance of vitamins in food, especially bread, in relation to the war effort and the public well-being. All bread being baked in the troop camps throughout the country must contain vitamins and it is felt that it is of equal importance that the public in general have their vitamins as well.

It is understood that Warren Baking Company has taken on the new vitamin program as an exclusive feature for their trade territory as many of the country's outstanding bakers have done. Warren always recognizes the outstanding accomplishments of its business concerns, so at this time Warren Baking Company and associated companies are to be congratulated.

### NOTICE

Estate of John S. Bayer, Deceased

No. 26 June Term, 1939

Notice is hereby given that Warren National Bank Administrator c.t.a.d.b.n. under the Will of John S. Bayer, deceased, presented its petition to said Court on March 21, 1942 setting forth that the said John S. Bayer died August 22, 1937, leaving a Last Will and Testament, and that Letters of Administration under said Will were duly issued to said Warren National Bank by the Register of Wills of said Warren County on April 12, 1938; that said administrator had filed its First and Final Account which was confirmed on June 5, 1939 and absolutely on July 5, 1939, and showing a balance for distribution; and praying said Court to fix a time for hearing, direct notice to be given and order distribution of the balance for distribution; whereupon the said Court fixed 10 o'clock, A. M. April 29, 1942 as the time for the hearing in said matter; and that all persons interested may appear before said Court at said time and be heard.

SIDNEY D. BLACKMAN,  
Attorney for Administrator.

### UNCLE EF

The way people keep on chasing around in their cars and jamming on their brakes instead of taking it easy, you'd think no one had ever warned them of a rubber shortage. We better remember and go back to our childhood practice of eating our cake slow-like to make it last longer, and apply it to tires.

### Pittsburgh Troupe To Give Program at Sheffield School

Sheffield, April 21—The Lincoln School Mothers Club is sponsoring the appearance at the high school auditorium here, on May 13, of Slim Bryant and his Georgia Wildcats, a new show from Pittsburgh.

The show features the singing of Yodeling Barbara, the girl who sings western songs; Jerry Wallace, and his banjo; Kenny Newton, tenor and fiddler; Loppy Bryant, master-of-ceremonies and bass fiddle player, and Slim Bryant, funny man, songwriter and guitarist.

The regular meeting of the Mothers Club, postponed from last Wednesday due to the Victory Parade in Warren, will be held Wednesday afternoon this week and will feature a talk by the local home economics teacher.

**2 2/3 MORE**

VITAMINS FOOD MINERALS THAN USUAL ENRICHED BREAD

**VITAMIN D** The "Sunshine" vitamin. Not found abundantly in any common food. Children must have plenty for strong, straight bones and good teeth. Lack of it causes rickets, with bowlegs, knock knees, swelling joints, etc., the result.

#### MINIMUM DAILY REQUIREMENT

Children 400 International Units Adults 400 International Units

**MINERAL Calcium** Calcium and Vitamin D are a partnership for making teeth healthy, white and sparkling, and for building firm strong bones. Calcium is also needed for heart, nerve and muscle functions. Lack of it results in poor teeth, brittle bones, tooth decay, muscle soreness, nervousness and hyperirritability.

#### MINIMUM DAILY REQUIREMENT

Children 750 Milligrams Adults 750 Milligrams

**VITAMIN B1** The Pep vitamin. Also called the "courage" vitamin and the "calm nerve" vitamin. Plenty of it helps young and old feel more vigorous, more "on the beam" in case of deficiency. Not enough of it and you feel dull, probably grouchy, you get sluggish, hard to think, work or play. Have a poor appetite, nerves are not right.

#### MINIMUM DAILY REQUIREMENT

Children 250 I.U. Adults 333 I.U.

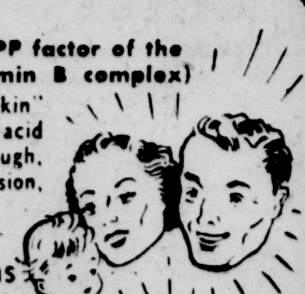

### VITAMIN Niacin

(or PP factor of the vitamin B complex)

It's an unfortunate name for what might be called the "smooth skin" or "facial" vitamin. It is very essential. Lack of it causes a rough, leathery skin, mouth and gum inflammations, headache, depression, insomnia, loss of weight and strength.

#### RECOMMENDED DAILY ALLOWANCE

Children 10-12 Milligrams Adults 12-23 Milligrams

**VITAMIN B2 (G)** Called the "growth" vitamin for youngsters — the "youthful look" vitamin for oldsters and not-so-oldsters. Needed for general good health. Helps halt that "getting old" feeling, in case of deficiency. Lack of it causes digestive disturbances, impaired growth, lack of vigor, shortened life span.

#### MINIMUM DAILY REQUIREMENT

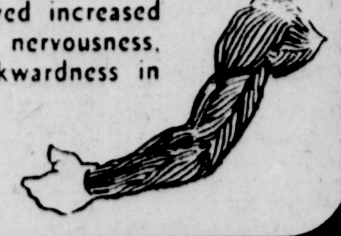

Children 2 Milligrams Adults 2 Milligrams

**VITAMIN B6** Latest evidence indicates it's needed for keeping the mechanical system (muscles) of the body free of rust and friction. Tests with it showed increased muscle strength. Lack of it resulted in extreme nervousness, muscular stiffness, tingling in hands and feet, awkwardness in walking, insomnia, cramping pains in the stomach.

#### MINIMUM NEEDED DAILY

No exact data

**MINERAL Iron** You can't be a virile, vigorous red-blooded American without plenty of iron. It's needed for a healthy complexion. Lack of it causes paleness, anemia, pallid complexion, low vitality.

#### MINIMUM DAILY REQUIREMENT

Children 10 Milligrams Adults 10 Milligrams

**VITAMIN E** One writer calls it the vitamin for the Popeye punch. It's necessary for healthy muscles—for good muscle tone, and normal muscle structure. Lack of it has caused muscular dystrophy, a term meaning muscles that won't work as they should.
